

# California OES Weather Threat Briefing

Monday, December 3, 2018  
9:00 AM PST

- **Day 1 Primary Hazards:** No significant weather or water related impacts expected today.

National Weather Service  
Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT

# Key Points

12/03/18 - 12/09/18

## Monday

- No significant weather impacts across the state today
- Gusty southeast to east winds with dry conditions over the southern California mountains, including the Santa Barbara and San Luis Obispo County mountains Monday night and Tuesday

## Tuesday-Thursday

- Minor mountain travel delays possible due to snow
- Slippery conditions and ponding of water on roads may cause travel delays
- A storm system will start to impact the state Tuesday and continue through early Friday, bringing valley rain and mountain snow.
  - Light precipitation across northern California; best chances Tuesday into Wednesday
  - Increasing confidence of heavy rain over portions of southern California late Tuesday evening - early Friday

## Friday-Sunday

- No significant weather impacts across the state.
